

Mercedes-Benz

Mercedes-Benz of Massapequa

April 9, 2007

To Whom It May Concern:

I am writing this letter to recommend H2Only as a reliable company to conduct business with. We have been using H2Only here at Mercedes-Benz of Massapequa for approximately one year and three months, and not only have they been timely in addressing any and all issues we may have had with their machines, but a representative was always on call to assist us if necessary.

It is my pleasure to recommend them to any additional companies interested in their services, and please call me directly at 516-394-6568 if you have any additional questions or concerns.

Sincerely,

A handwritten signature in cursive script that reads "Jackie Pfaff".

Jackie Pfaff
