Dear Ed,

Just wanted to say thanks for changing the way we think here about drinking water.

Since you put the water cooler in, everyone from employees to customers all have something to say about the taste of the water.

It really does taste great and you can definitely notice a difference from bottled water—much fresher taste.

We love our cooler!

Keep up the good work.

Sincerely,

A handwritten signature in black ink that reads 'Joe Albanese'. The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Joe Albanese  
Vice President
