Massapequa, NY 11758

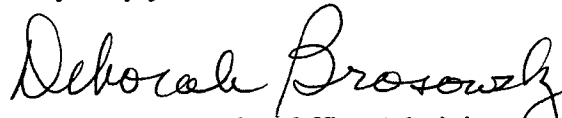

Gentlemen:

It is nearly a year since you installed our H2O Innovation Water Cooler Unit and we could not be more pleased.

We are always assured of fresh, pure water without running out, without having to remember to order; without clumsy, heavy bottles to hoist and never any spillage. No extra filters to buy, makes it a very economical way to provide safe and good tasting drinking water for our staff.

The hot water is always conveniently there and no worries that you can accidentally burn yourself. The unit itself is very compact and attractive.

Very truly yours,

Deborah Brosowsky, Office Administrator
